

ZD621D Desktop Printer

Quick Start Guide

1 Setup

zebra.com/setup

Scan the code to download and install Zebra Setup Utilities.

2 Remove Packing

Slide the release latches to the front to unlock the cover.

Open the printer and remove the packing.

3 Load Media

Unroll and discard the outer layer of the media roll.

Spread the roll holders open and place the roll into the printer.

Verify the roll spins easily on the holder.

Pull the end of the roll past the front edge of the printer.

3 Load Media (continued)

Press the media under the guides.

4 Adjust Sensor

Align the sensor to the center of the roll for regular labels.

Align the sensor to the edge of the roll for marked labels.

5 Close Printer

Push down on the front edge of the printer until it locks.

6 Connect Power

A. Plug the power supply into the printer.
B. Plug the power cable into the power supply.

C. Plug the power cord into an appropriate receptacle.
D. The power supply lights green.

7 Connect USB

Connect a USB cable to the printer, connect the other end to your computer.

8 Power On

Press the power button.

When the printer is ready, the printer status light will turn green.

9 Smart Calibration

Press and hold the Pause and Cancel buttons for two seconds to line up the labels.

10 Print Configuration Report

Press and hold the Feed and Cancel buttons for two seconds to print a configuration report.
