2   Description

Thank you for selecting Zebra as your mobility solution tool provider. This package provides a complete software image for the MK4000 product, in an OSUpdate package and individual hex files for use with TCM

For the latest software updates, go to the [Support Central](#) web site and select Software Downloads.

For more information on Windows CE development and Enterprise Mobility platforms, please visit the [Products](#) Web site.

Thank you,

The Zebra Enterprise Software Development Team
